

WILASTO PLUS

the snow scraper for medium duty

WILASTO is an abrasion-resistant SBR rubber and is ideal for snow clearance from short roads in towns and communities. Due to the 3-4 tear-resistant EP fabric inserts, a significantly longer service life, as the quality WILASTO, can be achieved. WILASTO PLUS has a excellent price / performance ratio.

< 100 mm³

high abrasion resistance

product information

colour:	black
material:	SBR wear
thickness:	10, 15, 20, 25, 50mm
delivery form:	block and sheets

rev. August 2014

technical data

volume weight:		ca. 1200 kg/m ³
hardness:	DIN 53505	ca. 75±5° Shore A
tensile strength:	based on DIN EN ISO 1798	≥ 32 N/mm ²
elongation of break:	based on DIN EN ISO 1798	≥ 400 %
impact resilience:	DIN 53512	≥ 35 %
abrasion:	DIN 53516	< 100 mm ³
working temprature range:		-40 bis +80°C

resistance

oils	good
salts	excellent
weather conditions	good
rotting	good

notes

Our advice is given to the best of our knowledge, but only as a non-binding reference and does not exempt our own examination of the products supplied by us for their suitability for the intended procedures and purposes. The specified technical data are guide values, i.e. experience values from longer production periods. The processing of our products is beyond our control and is therefore exclusively within your area of responsibility. Of course, we guarantee the perfect quality of our products according to our general sales and delivery conditions. Due to raw material and production, as well as by external influences (temperature, humidity, etc.), the stated values can fluctuate by up to ± 25%
